PRO MODEL // ANNA NIKSTAD

ANNA NIKSTAD
ICON-LOW-NIKB

Anna has been lighting up the wakeboard scene for a few years now and we’re excited to continue our collaboration with her.

“I have been a fan of Sandbox from day one from the design, approach, fit and support that they provide to the sports communities. It’s an honour to ride for their wake team and an even bigger honour to be able to introduce my signature helmet for the ICON series. This helmet provides the best protection and comfort as well as a sleek profile look, making it the top choice for riders and weekend warriors for head gear protection. I customized the helmet design with a Kraken, which is a symbol that exudes ferocity and depth. As it is as personal as a hand drawn sketch, this helmet is a representation of me.”

LIMITED EDITION // THE CABLE

THE CABLE
ICON-LOW-CPM

The Cable Magazine is the world renowned authority on all things cable. For this season, the creative team came up with a graphic using lingo that is authentic amongst the wakeboard community. We love the idea of people reading all the scribbles, doodles and graphics on this collabo helmet while waiting in line for their next run.
