SUMMER 25

Summer shreds are here. Our new collection of wake helmets draw from the warm elements of Summer colours, bringing together long sunny day vibes and warm Summer night hues.

Our helmets are designed with the essence of Summer: lightness, functionality and versatility. We want to enable slicker tricks, lighter landings and bigger adventures.

Sandbox continues to be the only independent board sports helmet brand in the world, focussing on style and protection.

We love what we do and wear what we love. Thanks for taking Sandbox for the ride.
